

# Model 330

## Donut Production Table

**All the benefits of  
larger equipment in  
a space-saving design**

**Storage available  
for up to 3 cutters**

### **Featuring:**

- Exclusive infeed conveyor belt carries dough to the gentle 2-stage sheeting rolls*
- Heavy stainless steel construction with sealed bearings throughout*
- Variable speed drive with safety guards for all machine drive components*
- Cutting station with rubber roller backup, infeed dough guide and flour bin*

The Model 330 is designed for donut producers with limited work area, yet it offers the advantages of larger and more expensive equipment. It eliminates slow and costly hand operations in sheeting and cutting yeast-raised fried goods, reduces waste and produces high-quality, uniform products. The Model 330 is easy to operate with quick and simple adjustments which reduce the need for highly skilled labor.

*Perfect donuts! Each time...Every time*
